<b>To:</b>	Fitchburg Common Council, Mayor, and Finance Committee
<b>From:</b>	Cory Horton, Director of Public Works/City Engineer
<b>Date:</b>	July 27, 2015
<b>Subject:</b>	Budget Amendment for Lacy Road Project

The design contract for the Lacy Road project with Mead and Hunt was recommended for approval at the June 1, 2015 Board of Public Works and June 9, 2015 by Common Council. The base design fee is \$655,018 and additional "if authorized" costs were \$34,615 – for a total not to exceed design fee of \$689,633.

During the Board of Public Works approval, the Board discussed the current budget of \$300,000 and discussed that Finance would need to approve a 2015 budget amendment to cover the current design costs of \$689,633.

Therefore, a budget amendment in the amount of \$389,633 is needed to cover the additional design costs. This additional funding would come from borrowing for the project.

The capital project is #3468

---

In the 2014 CEDA budget, \$2,500 was approved for the Fitchburg Ag Bike Tour Signage. The funds were never disbursed in 2014 as they were working on final design details. In 2015, Wade Thompson is requesting at the July 23, 2015 meeting an additional \$120 is needed to purchase the signage for a total cost of \$2,620. The \$120 will be used to purchase photos to be used on the signs. Please make the appropriate transfer and budget amendment from CEDA account number 225-5922-100 to the general fund account number 100-5630-345 for the purchase of the signage. I have included a copy of the 2014 for your reference along with the 2015 CEDA request for the additional funds.

Date(s): \_\_\_\_\_ Time: \_\_\_\_\_ Location: Badger State Trail

Description of Activity: The City's Agriculture and Rural Affairs Committee is in the initial stages of exploring the feasibility of "developing" the Badger State Trail corridor, as it runs through the southern half of the City, for diverse agricultural-related uses and enterprises. The Committee has developed an interpretive trail sign proposal to begin to create an identity for this corridor, known as the Fitchburg Agriculture Route (FAR).

Targeted Audience: City of Fitchburg residents and City visitors/tourists Projected Audience: City of Fitchburg residents and City visitors/tourists

Requested Amount: \$120.00 Specific Use of Funds: Fitchburg Agriculture Route (FAR) Interpretive Signs - CEDA has already allocated \$2,500 towards the FAR signs. Dane County, through their Partners in Recreation and Conservation (PARC) Program has allocated matching funds. The additional requested amount of \$120.00 will be used to cover costs to buy photos to be used in sign design. The photo cost was not identified in the initial bid submitted by the sign designer.

How does this request fulfill the guidelines of City Ordinance 2.17(19)(f) ". . . the hotel room tax retained by the Authority shall be utilized for marketing, tourism, and promotion development activities . . .": "Development" of the Fitchburg Agriculture Route (FAR), could potentially enhance the City's identify and draw both tourists and new agriculture-related enterprises to the City. The interpretive signs are an initial step in FAR "development". As the Chamber positions the City to be a destination for biking enthusiasts, there is potential for this tourist attraction to generate hotel room night stays.

Subject: City Signage

.....

Over a year ago, when the City formed a committee to explore campus signage and way finding, there were no budget figures available. An estimate for this expense was included in CIP Project #1030 (Logo Implementation & Wayfinding Signs). Unfortunately bids came in higher than anticipated. Signage on the Senior/Community Center and on the Library is critical, particularly for our program participants. We would like to ensure the project continues to move forward.

The total cost of the city campus building sign project is \$22,215. Below is a breakdown of how this expense is projected to be funded:

CIP Project #1010 – Library Capital Campaign	\$9,706.00
CIP Project #6351 – Senior Center/Community Center Furnishings	\$4,403.50
CIP Project #1030 – Logo Implementation & Wayfinding Signage	<u>\$8,105.50</u>
Total Project	\$22,215.00

The Library Capital Campaign was created and funded during the construction of the new library building. This signage project is believed to be a good use of remaining funds. With this transfer, the Library Capital Campaign would pay for all costs associated with the signage on the Library.

The remaining balance in Project #6351 is due to the expense of the acoustic panel installation in the Oak Hall room coming in under budget. \$20,000 was allocated. The expense totaled \$15,240. With this transfer, the Senior Center project would pay for the lettering on the lower level of the building.

We request that a budget amendment and project fund balance transfer be authorized as described above.

**TITLE: Hooper Corporation Parking Agreement for Maintenance Facility**

**Background:** Hooper Corporation has requested a mutual agreement between the City to allow parking of equipment at the maintenance facility. In return, Hooper would assist the City with tree removal services.

This arrangement was utilized in the past. Hooper assisted the City with removal of difficult trees and with storm damage response. Hooper is a contractor for Madison Gas and Electric, so having the equipment local in Fitchburg also expedites response time to restore utilities for residents during storm events. Long term staff felt that the assistance provided by Hooper in the past was very beneficial to the City. In 2014 Hooper provided over 75-hours of tree removal assistance to the City.
