Subject:	Approval of 2015 Median Landscape & Mowing Maintenance Proposal

Attached is the bid tabulation for the Median Landscape & Mowing Maintenance work for 2015. The Parks Department Operating budget has funds available for this work (\$35,000 budgeted). This work includes a spring and fall clean up of all landscaped areas in the medians with mulching of said areas. Mowing the grass portion of these medians is also included. Additionally all trees in these median boulevards will be mulched.

This project was advertised by legal notice in the Wisconsin State Journal and posted on www.demandstar.com. Demand Star notifies suppliers statewide who are registered on their system. The City adds "Supplemental" suppliers, which are local suppliers who perform this type of work in the area.

On February 26th, 2015, at 1:30 p.m., the bids were opened. A total of 4 qualified bids were received.

In evaluating the 4 bids staff considered which company would provide the most service for the lowest price. In taking this approach staff is recommending to award Norstra Terra of Oregon this work. It is further our recommendation to have Norstra Terra weed the landscaped boulevards 2 times a month. This total contract, with an anticipation of 20 total mowing's through the summer, would total \$34,725.

TITLE: A Resolution Authorizing Purchase and Installation of Three Shade Structures and Other Improvements at McKee Farms Park Splashpad

Background: The Park Commission, in partnership with the Fitchburg Optimist Club, is making efforts to address the community's interest in Shade Structures at McKee Farms Park Splashpad for the 2015 season. This partnership includes a \$13,000 commitment from the Fitchburg Optimists.

The 2017 Capital Improvement Budget (Project #400-5766-212) includes funding for these shade structures (\$40,000). In taking into consideration the request from the community along with the contribution from the Optimist Club this improvement would be recommended to be moved up to 2015.

With the total budget allocation of \$53,000 for this project staff is recommending to utilize the Park Dedication Fund to make up the difference of \$12,500. It should be noted that other CIP #400-5766-212 projects for 2014 and 2015 (McKee shelter maintenance and parking lot construction next to Splashpad) are coming in under budget projections.

Construction plans/specifications were prepared by Angus Young and the Public Works Department has obtained competitive bids. This project was advertised by legal notice in the Wisconsin State Journal on February 27th, 2015 and March 6th, 2015 along with being posted on www.demandstar.com; On March 11th, 2015 at 11:00 a.m. (2) sealed bids were received and publicly opened with the results listed on the attached bid tab. Gilbank Construction of Clinton, WI was found to be the lowest responsive bid and in compliance with the bid specifications. The low base bid from Gilbank was \$65,500. TITLE: Authorizing Acceptance of the 2015 Concrete Contract Bids

Background: The 2015 Public Works budget includes funding for pedestrian improvements to existing concrete sidewalk. This year's project will remove and replace defective sidewalk in Zone 4 (see attached map) and on Fish Hatchery Road just south of Traceway Drive.

The Public Works Department followed a number of procedures to ensure that all area contractors completing this type of work were informed of the City's project. The project was advertised by legal notice in the Wisconsin State Journal and posted on www.demandstar.com. Demand Star notifies suppliers statewide who are registered on their system. The City adds local suppliers who perform this type of work in the area.

On March 4, 2015, at 11:00 a.m., the bid opening was held and 1 bid was received for the 2015 Concrete Contract project. The only bidder was Raymond P. Cattell with a bid of \$83,290. **This bid is ~54% higher than the Engineer's estimate.** Attached is the bid tabulation.

The majority of the sidewalk repair work is assessed to adjoining property owners; 50% to residential and 100% to commercial and multi-family properties. The unit prices for remove and replace sidewalk, in this bid, are significantly higher than what the City has paid in the past. Accepting this bid will exceed the City's budget (of \$10,000) and will also result in a much higher assessment to property owners for their share of the repair cost.

Due to receiving only one (1) bid, exceeding the City's budget for the project, and having significantly higher unit prices for remove and replace sidewalk, it is staff's recommendation to reject this bid and re-bid the project later this Spring. Staff will also be able to further evaluate the sidewalk locations that are in need of repair.

**TITLE: AUTHORIZING PURCHASE OF 2015 DIAMOND SPEC 7400 SFA 4 X 2
 (SA525) PLOW TRUCK**

Background:

The equipment replacement schedule calls for the replacement of one plow truck in 2015. All of our plow trucks are currently International trucks. Staying with one model type reduces the amount of parts in inventory that need to be kept in stock. Also our software for diagnosing engine issues is for International Trucks. We have been purchasing these trucks through either the County or State Bid process. Capital City International has quoted us a price based on the Dane County Highway bid. By taking advantage of this bid process, we are able to obtain a better price through fleet purchase than if we were to custom order a truck on our own. There is approximately a \$33,000 discount from the list price from the truck with the municipal discount and county bid. If we order the truck now, it would not be placed in service until winter 2015. The existing plow truck would be sold through internet auction, www.publicsurplus.com, and would not be auctioned until the new truck is placed in service. Specifications for the purchase of the plow, dump body, wing, and tailgate spreader and hydraulic system will be prepared separately. We will need approval for purchase of those items at a later date.

Staff's recommendation is to proceed with the purchase of the 2015 Diamond Spec 7400 SFA 4x2 (SA525) Plow Truck from Capital City International in the amount of \$85,552.00, approve the disposal of the 2003 International Diamond 4X2, VIN 1HTWDADR43J053508 and authorize the City Administrator to obtain bids for the surplus vehicle on www.publicsurplus.com with a minimum bid of \$25,000.

TITLE: Authorizing Acceptance of the 2015 Street and Park and Novation Campus Improvements Contract Bids

Background: Attached is the bid tabulation and resolution for the 2015 Street and Park and Novation Campus Improvements contract. The Public Works budget has funds available for this project. The Public Works Department followed a number of procedures to ensure that all area contractors completing this type of work were informed of the City's project. The project was advertised by legal notice in the Wisconsin State Journal and posted on www.demandstar.com. Demand Star notifies suppliers statewide who are registered on their system. The City adds local suppliers who perform this type of work in the area.

On March 4, 2015, at 11:00 a.m., the bid opening was held and 1 bid was received for the 2015 Street and Park and Novation Campus Improvements project. The low bidder was Payne and Dolan, Inc., with a base bid of \$915,033.89, bid alternative A of \$151,975.63 and bid alternative B of 21,487.00. The grand total for all three prices comes to \$1,088,496.52. The low bid was 10.9% less than the Engineer's estimate.

The Street and Park Improvements portion of the contract consists of street resurfacing on Monticello Way, Tanager Trail, Richmond Drive, Marledge Street, Barbara Drive, Osmundsen Road, Whalen Road, Irish Lane; bike shoulder additions on Whalen Road and S. Seminole Highway and the Parks Department's paving projects for the Research Park Drive path, Hatchery Hill Park half basketball court and McKee Farms Park Splash Pad parking addition. The City received funding from the Local Roads Improvements Program (LRIP) for Monticello Way in the amount of \$57,888.65 which must be spent in 2015. The project also includes stormwater pipes and structures on Richmond Drive and Barbara Drive.

The Novation Campus Improvements portion of the contract shown as alternative A and B. This project has been bid twice and rejected both times due to high costs. The project consists of constructing Novation Parkway to connect to Rimrock Road in the Town of Madison. Additionally new sidewalk will be installed along Latitude 43 Street for better accessibility. The low bid for alternative A and B together comes to \$173,462.63 well within the \$228,000 budget.

Payne and Dolan, Inc. is a local contractor that has been in business for many years. They have competed work for the City in the past and have performed well. They were the low bidder and awarded the Street Resurfacing project the past four years. We have worked with the subcontractors they are proposing for the grading, stormwater, concrete and traffic control with good results.

Staff's recommendation is to award the 2015 Street and Park and Novation Campus Improvements project to Payne and Dolan, Inc. in the amount of \$1,088,496.52.
