- l. Other Such Matters: Oak Bank Business After 5 is this evening. Mr. Potts reported on the State budget and any potential changes that might affect CEDA. He reported that there was proposed change to eliminate the liquor license grant programs. The item was vetoed. The hotel room tax legislation was passed. Since this legislation has been around for some time, the Chamber and City have been preparing for the changes to have the Fitchburg CVBB serve as the Fitchburg's Tourism Entity. In preparation for the new legislation, the City and Chamber will work on implementation action items. The budget legislation limited picnic and other liquor licenses to like Wine Walks.

6. 5-Year Update to the City's Comprehensive Park, Open Space and Recreation Plan: Scott Endl, Director of Parks, Recreation and Forestry and Wade Thompson, Project Planner Mr. Endl and Mr. Thompson reviewed the Comprehensive Park, Open Space and Recreation Plan with CEDA members. Upon review of the plan, CEDA members were asked to share any ideas or visions that they see for the plan. Their suggestions were as follows:

- Dog Park: Mr. Endl stated that there is a grassroots group meeting with him next week to discuss the concept. Mayor Arnold reported that he sees a need for urban small dog parks
- Nature based park versus typical play equipment. A place where kids can discover more in nature such as a creek, bridges etc.
- Barn with farm animals. Collaboration with farmers to care and keep the animals when the park is not open, such as winter.
- Ag based tourism such as an ice cream parlor.
- Kids play area that incorporates adult coffee shop.
- Ponds for fishing.
- Amphitheatre

Mr. Endl stated that in addition to the City owned parks, we have a lot of land owned by the DNR that is used for recreation, along with some privately held operations such as the Boys and Girls Club. CEDA asked if there is an inventory of events that are hosted in the Fitchburg parks system. Mr. Endl stated that there is and that the inventory is ever changing as the requests continue to be made.

7. Hotel Room Tax Report and Request Considerations:

- a. FAR Signage: Budgeted item in 2014 \$2,500. Requested amount: An additional \$120 Mr. Zimmerman had included funding to the Fitchburg Agricultural Route in the 2014 budget, however, the funds were not disbursed. The signage has been designed and is ready for production but an additional \$120 is needed to purchase some photos for the signs. The funding for this project is being matched by Dane County. **A motion was made by Hardy and seconded by Krause to approve \$2,620 for FAR signs. The motion carried unanimously.**
- b. Kids Building Wisconsin Report: Patrick Stern presented CEDA with an event summary. 1,750 kids attended, 42 sponsors, 22 interactive exhibits, 4 pieces of construction equipment, 1,750 free hard hats given away (500 had CEDA stickers on them), 3 grand prize winners, 112 volunteers and 1,287 Facebook likes. Based on the success of this year's event, Mr. Stern believes that next year there may not need to be a funding request from CEDA. Ms. Silveira left at 8:54 am but a quorum remained.
- c. Promotional item: Grocery Bags: Request amount: \$1,700 **A motion was made by Krause and seconded by Potts to approve \$1,700 to purchase grocery bags. The motion carried unanimously.**

8. Adjournment: A motion was made by Hardy and seconded by Potts to adjourn at 8:54 am. The motion carried unanimously.

Memo

City of Fitchburg
5520 Lacy Road
Fitchburg, WI 53711
608-270-4264
www.fitchburgwi.gov

To:	Fitchburg Common Council, Mayor, Board of Public Works, Finance, TTC
From:	Cory Horton, Director of Public Works/City Engineer
Date:	July 23, 2015
Subject:	General Beverage Permit for Parking Within City Property

General Beverage property has been impacted by McKee Road, Verona Road, utility conflicts, and the Verona Road Reconstruction project. General beverage seeks additional parking to accommodate their current and future operations. General beverage has requested to utilize City property adjacent to their facility to allow for parking in order to maintain a viable business within Fitchburg.

City staff are seeking policy input from Council in order to determine if further steps should be taken to evaluate and potentially allow private use of the corridor under a permit or if the private use would not be considered.

General beverage has prepared concept plans related to the parking within the corridor, and staff has evaluated the proposed concepts. These concepts would need to be fully vetted with the encumbrances associated with the corridor. The corridor was a rails-to-trails conversion and grant funding was utilized for the purchase of the property. Private use of the corridor would require a conversion and suitable replacement land and amenities would need to be provided to offset the loss in the corridor area. Due to the grant constraints, the corridor could be converted back to rail. General beverage understands that while unlikely, the land could revert back to rail. Due to grant constraints and other agreements, the parking would be allowed under a permit rather than selling the land outright. The terms of an agreement and permit would need to be worked out.

Staff have looked at options for the conversion and feel that a suitable replacement area could likely be located that would provide as good or better functionality as the area that would be converted to parking. The existing cannonball trail would still exist in its current configuration, there would just be a smaller grass corridor surrounding the path.

There are benefits and drawbacks to the proposal. Allowing the parking would maintain and perhaps expand jobs within the City. The conversion could potentially result in an overall better amenity for the City/bicycle users. The parking under permit does however locate parking closer to the existing cannonball trail and shows a precedent of utilizing city property for private use.

RESOLUTION R-81-15

GENERAL BEVERAGE PERMIT FOR PARKING WITHIN CITY PROPERTY

WHEREAS, General Beverage has completed the first phase of their expansion project with the warehouse addition and is planning to move forward with a second phase to expand their office area, and

WHEREAS, General Beverage asserts that the constraints placed upon General Beverage by McKee Road, Verona Road, utility conflicts, and the Verona Road Reconstruction project, the only viable alternative to accommodate parking and fire lane access requirements for the second phase of their expansion is to locate these improvements in the railroad corridor, located adjacent to their east property line, and

WHEREAS, the railroad corridor was jointly purchased by City of Madison, City of Fitchburg, and the Wisconsin Department of Natural Resources as a rails-to-trails conversion and included a 50% contribution for the land acquisition from the stewardship grant program, and

WHEREAS, the City of Fitchburg has entered into agreements with the City of Madison and Wisconsin DNR to preserve the corridor for transportation purposes, and more specifically for the development of a shared-use path that maintains connectivity between the Military Ridge State Trail and the Capital City State Trail, and

WHEREAS, the section of corridor located adjacent to General Beverage is owned by the City of Fitchburg and construction of the Military Ridge Path in the corridor was completed in 2014, and

WHEREAS, timing is becoming critical due to the Verona Road Reconstruction project schedule and the process for converting land in the railroad corridor from a recreation use to private parking use will require staff time and expenditures to complete, and

WHEREAS, this resolution has been prepared to provide some certainty to General Beverage that they will be able to proceed with phase two of their expansion plans and continue their planning efforts with the understanding that they will be able to locate private parking and a fire lane access within the railroad corridor.

NOW BE IT HEREBY RESOLVED, by the Fitchburg Common Council, that they agree to allow the property owner of ____ McKee Road the opportunity to construct private parking within the railroad corridor with the following conditions:

1. Approval of WisDNR and WisDOT for the conversion of the property from recreational use to private parking use, which includes the purchase of replacement property of equal size and equal use and value than the land being converted to parking.
2. Upon WisDNR and WisDOT approval, the City would issue a revocable permit (revocable upon the return of rail to the corridor) to allow parking within the railroad corridor to the registered property owner. The permit would run with the land, not with the operator of the land.
3. City approval of the parking lot layout, grades, and plan for the area that is located within the railroad corridor.
4. A formal agreement is prepared and entered into between the City of Fitchburg and General Beverage to identify the roles, responsibilities, and expectations for the placement and maintenance of the parking and surrounding area within the railroad corridor.
5. No costs shall be incurred by the City of Fitchburg for the conversion of the land or the placement of parking within the corridor. All costs that are incurred by the City of Fitchburg shall be reimbursed by General Beverage. Some costs have already been incurred including redesign work to shift the path to the east, permit fees to address wetland impacts, and construction costs for the additional grading and storm water improvements that were needed to shift the path to the east. Additional future costs include, but are not limited to, appraisals for the conversion area and the replacement lands and acquisition costs for the replacement lands.

BE IT FURTHER RESOLVED, by the Fitchburg Common Council that it authorizes staff to prepare and submit an application to Wisconsin Department of Natural Resources for a conversion of land to uses inconsistent with outdoor recreation, for the placement of private parking in the railroad corridor.

Adopted by the Common Council of the City of Fitchburg this ____ day of _____, 20____.

Dear Michael and Joyce:

On behalf of our co-coordinators, the Human Proteomics Program at the University of Wisconsin-Madison, and all of our attendees, thank you for supporting the Wisconsin Human Proteomics Symposium: *Post-Translational Modifications in Human Disease*, held on campus and at the BioPharmaceutical Technology Center, August 7, 2015.

We think our Symposium was quite successful: 200+ registrants, including presenters and sponsor representatives, benefited from high quality talks, the Poster Session and the related opportunities to interact with speakers, sponsors and colleagues. I will e-mail you a final version of the attendee list within the next few weeks.

For your records, this letter is also designed to serve as a receipt for the City of Fitchburg's \$2500 contribution as a Gold Sponsor. I trust that you found your investments of financial support and staff time to be of value.

Thanks again and best regards –
