

Lacy Road Reconstruction

Fitchburg, WI

Project Overview

The City of Fitchburg has received a Federal STP-Urban grant to reconstruct a 1.3 mile segment of Lacy Road from the Fitchburg Community Center to South Syene Road.

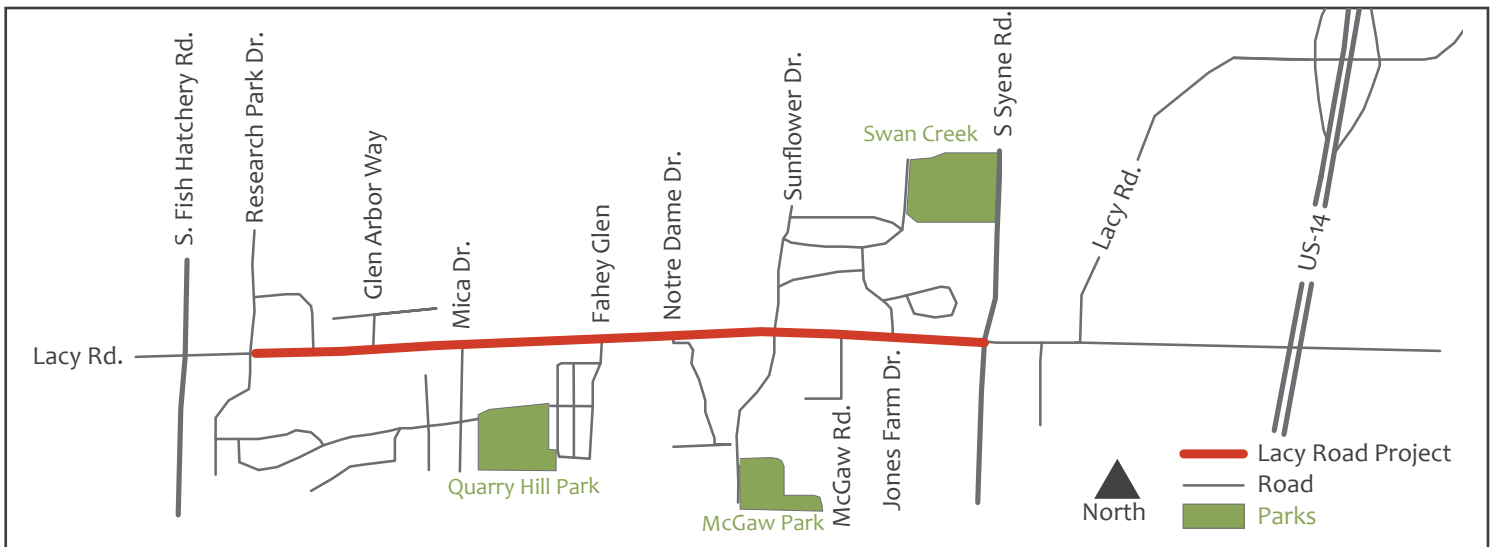

For this project, the City of Fitchburg will cover 100% of the design funds. The construction funding will be split 50/50 up to \$4 million between the City of Fitchburg and the Federal grant.

Due to Federal funding, WisDOT design standards will be adhered to for this project.

Project Goals

- Intersection improvements to address current and future development/growth near the corridor
- Improve safety
- Replace deteriorating pavement
- Provide better pedestrian and bicycle accommodations
- Enhance driveway access
- Become aware of and avoid impacts to cultural/archaeological sites

Context Map

Opportunity For Input

Project Kickoff

Thursday, June 25th

6:30 pm at Quarry Hill Park

Open house meeting describing the opportunities for public input throughout the project's development. The goal is to collect input and concerns before the design process begins.

Public Input Meeting #1

Late July, August 2015

Open house meeting with a formal presentation. Several alternatives will be shown and feedback will be taken.

Typical Section and Design Approval Process

September 2015

The typical section will be approved by the Common Council with input from the Board of Public Works and Transportation and Transit Commission. These public meetings will be advertised and residents will be able to comment during that decision making process.

Public Input Meeting #2 - Early 2016

Presentation on construction staging and detour information. Additional design details will be presented. Public will have the opportunity to comment.

Public Hearing for Assessments - 2016

Assessable costs include:

Curb and gutter, driveways, road widening (on-street parking for example), water utility, and sewer utility.

Staying Informed

A web page has been created, "<http://www.fitchburgwi.gov/LacyRoad>", to keep interested persons updated on the project.

Receiving Project Updates

To receive continued updates on the progress of the Lacy Road Reconstruction, head to the City of Fitchburg website. Using the City of Fitchburg's "Notify Me" system, you can stay informed about the project with updates sent via email or text message.

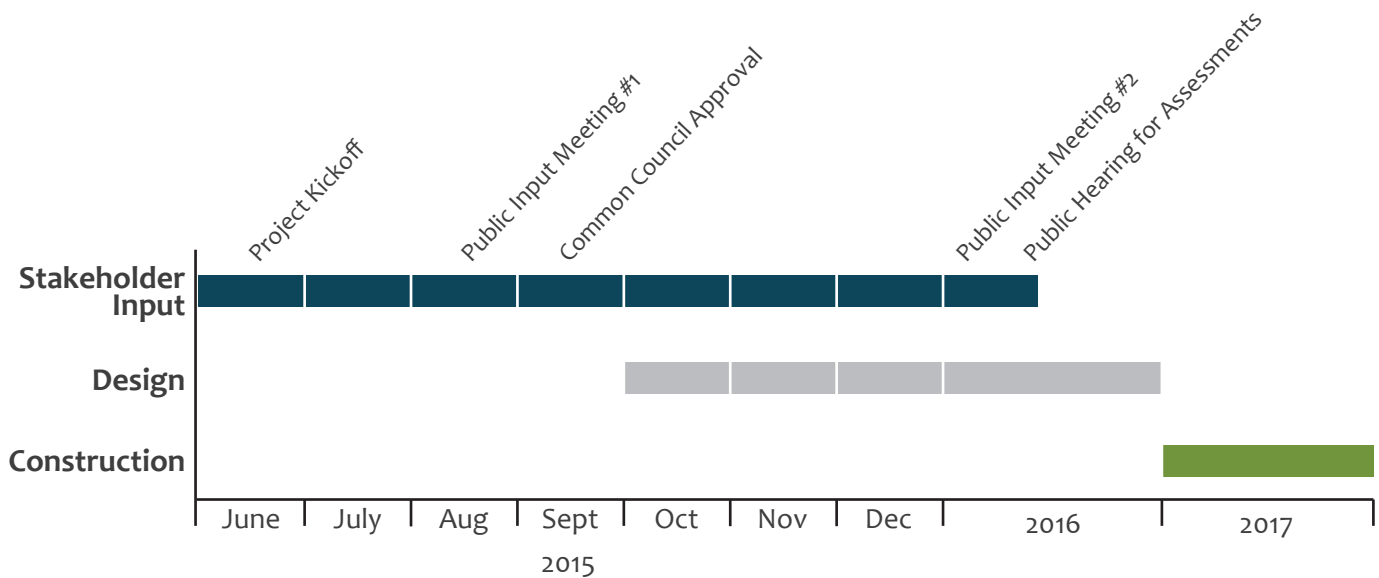

Subscribe to the "Lacy Road Reconstruction" selection on the website or by going to:
<http://www.city.fitchburg.wi.us/list.aspx>

Schedule

This project is required to follow the Wisconsin Department of Transportation process for right-of-way acquisition, design, and construction. With such provisions, the earliest the project can begin construction is 2017. The City of Fitchburg would like to meet its PS&E (Plans, Specifications, and Estimate) date in 2016 so that construction can begin in Spring 2017. All right-of-way acquisitions must be cleared before the PS&E can be submitted.
