

North Fish Hatchery Road Reconstruction

Project Briefing | 2019-2021

The reconstruction of North Fish Hatchery Road is anticipated to occur from late 2019 through spring 2021. Public engagement, planning, and design for the project will be finalized in June 2019. To stay informed about the construction process and future meetings, please sign up for "North Fish Hatchery Road" project updates at: www.fitchburgwi.gov/list.aspx.

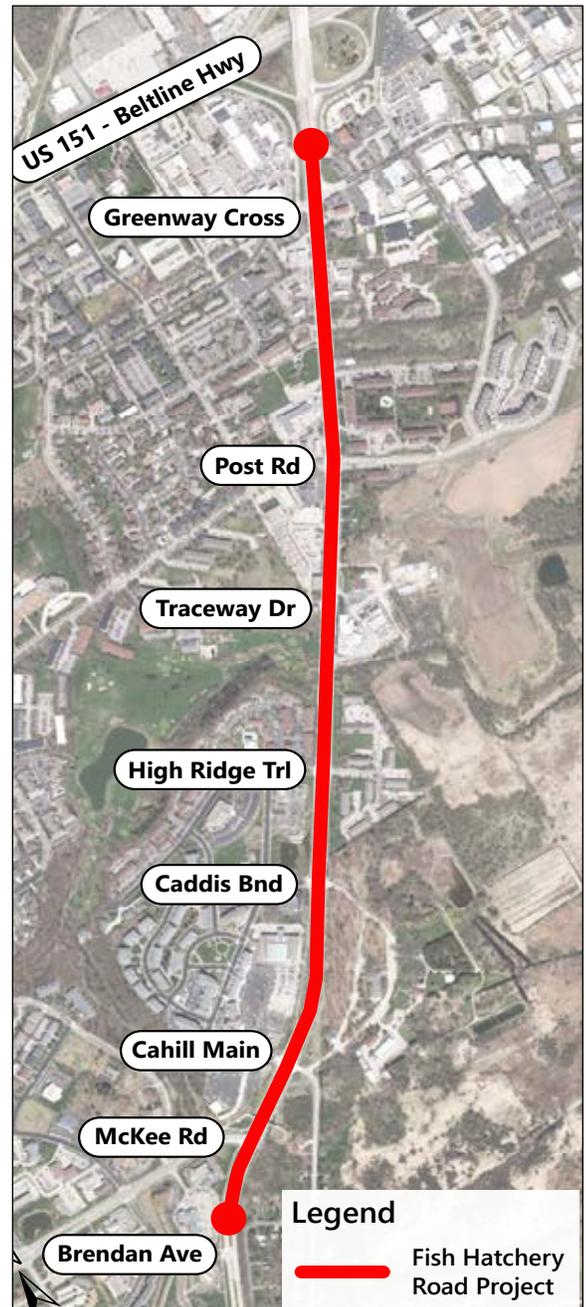

What will this project include?

The North Fish Hatchery Road reconstruction will improve connectivity for surrounding neighborhoods and businesses, increase safety for all users, and support economic development throughout the corridor.

The project will repair and replace failing infrastructure, provide a better environment for pedestrians, bicyclists, and bus riders, and improve the look and feel of the roadway for everyone.

Key improvements will include:

- + New pavement, curb, gutter, and retaining walls.
- + Intersection modifications to improve traffic flow and safety.
- + New traffic signals at Traceway Dr. and the new Pike Dr. intersection.
- + Pedestrian lighting, countdown timers, and higher visibility crossings.
- + More visible markings for the shared bus and bike lane.
- + A 10-foot multiuse path on the west side and sidewalk on the east.
- + Expansion to three lanes from McKee Road to Breckenridge Court.
- + Decorative streetscaping, including plantings and signage.

North Fish Hatchery Road -Construction Staging-

Madison Beltline Hwy

Madison Beltline Hwy

Summer 2020 - Fall 2020

- Reconstruct southbound FHR
- Traffic will utilize northbound FHR (orange and yellow) with one lane in each direction and turn lanes
- Construction time in this segment will be minimized

Summer 2020 - Fall 2020

- Reconstruct southbound FHR
- Traffic will utilize northbound FHR (orange and yellow) with one lane in each direction and turn lanes
- North of Post Rd to Greenway Cross remains open to traffic in both the northbound and southbound lanes (yellow and blue), except when blue segment is under construction

Fall 2019

- Install underground utilities near Greenway Cross intersection

Spring 2021 Entire Corridor

- Finish median work and final restoration
- Remove any remaining temporary pavement
- Traffic will utilize permanent lanes with median lane closures

Summer 2020 Northbound Phase B

- Reconstruct northbound FHR
- Traffic will utilize southbound FHR (blue and green) with one lane in each direction and turn lanes
- Construction time in this segment will be minimized

Spring 2020 - Summer 2020 Northbound Phase A

- Reconstruct northbound FHR
- Traffic will utilize southbound FHR (green) with one lane in each direction and turn lanes
- North of Post Rd to Greenway Cross initially remains open to traffic in both the northbound and southbound lanes (yellow and blue)

Fall 2019

- Expand a portion of the CTH PD intersection to the south
- Install temporary intersection accommodations including signals, median, and crossover construction
- Traffic will utilize existing lanes
