Enrollment Deadlines and Effective Dates

Most benefit plans have a 30 day enrollment period from your hire date. Benefits are typically effective on the first of the month following the receipt of your application, provided all WRS service requirements are met.

Dependent Coverage

Your spouse and children are eligible for all benefit plans that offer coverage to dependents.

Life Events

During the course of your employment, you may have life events such as marriage, birth or adoption, employment changes or termination of employment. You typically have 30 days from a life event to make changes to your benefits. You should contact Human Resources as soon as a life event occurs.

WISCONSIN RETIREMENT SYSTEM (WRS)

The Wisconsin Retirement System provides retirement (pension) benefits to City employees and to most public employees across Wisconsin. If you are eligible for the WRS, coverage is mandatory and you will be enrolled automatically. The WRS is administered by the Department of Employee Trust Funds (ETF) and investments are managed by the State of Wisconsin Investment Board (SWIB).

Eligibility

If you do not meet the eligibility requirements below when you are first hired, you will be covered under the WRS once you meet the requirements or are expected to meet the requirements.

If you first became a WRS participating employee on or after July 1, 2011:

You are eligible for the WRS if you are expected to work at least 1,200 hours (58% appointment) and one year.

If you first became a WRS participating employee prior to July 1, 2011:

You are eligible for the WRS if you are expected to work both at least 600 hours (29% appointment) and one year.

Vesting

If you were first covered by the WRS on or after July 1, 2011, you are fully vested once you have five years of WRS creditable service.

If you had WRS service prior to July 1, 2011, you are immediately vested.

Contributions

Employees are required to contribute 6.75% of their salary to their WRS account. The City will also contribute 6.75% (11.65% for protective service) of your salary to your WRS account.

Contributions are taken on a pre-tax basis for federal and state income tax purposes. Contribution rates are set annually by ETF.

Core vs. Variable Fund

If you do nothing, your WRS contributions will be invested in the Core Fund - a balanced fund that is fully diversified and has a mixture of holdings (stocks, bonds, real estate, etc.). You may also elect to have 50% of your contributions invested in the Variable Fund - a fund invested solely in stocks. You must complete a Variable Election form if you want to invest in the Variable Fund.

Retirement

At retirement, your monthly annuity will be based on a calculation using your years of service and your three highest years of earnings or the cash value of your account, whichever is greater.

You may retire with full benefits:

- General WRS Category - Age 65 or at age 57 if you have 30 years of service
- Protective WRS Category - Age 54 or at age 53 if you have over 25 years of service

You may retire at age 55 (age 50 for Protective WRS Category) with reduced benefits.

Termination of Employment

If you terminate employment before minimum retirement age or before you are vested, you may take a separation benefit. A separation benefit includes your employee contributions and interest on those contributions. If you take a separation benefit, the employer contributions and your years of service are forfeited.

If you are vested and leave employment before minimum retirement age, you may take a separation benefit or leave your money in your WRS account and take a retirement benefit when you are minimum retirement age.

Other Benefits

The Wisconsin Retirement System also provides benefits in the event of your death or disability.

HEALTH INSURANCE

The City of Fitchburg participates in the State of Wisconsin Public Employers Group Health Insurance Plan, which is administered by the Department of Employee Trust Funds (ETF). This plan provides coverage mainly in Wisconsin, with one option available for nationwide coverage. The plan offers hospital, surgical, medical, and prescription coverage.

Employees are eligible to participate in the health insurance program if they are eligible for the Wisconsin Retirement System (WRS). Coverage is available for employees, as well as spouse and any eligible children.

FLEXIBLE SPENDING ACCOUNTS (FSA)

Medical and Dependent Care Flexible Spending Accounts (FSA) are designed to allow you to pay for eligible medical and dependent care expenses with tax-free dollars. This reduces your federal tax income, and in most cases, your social security taxes are also reduced. All regular full and part-time staff (working at least 20 hours per week), are eligible to participate in the FSA plan.

During the annual enrollment period (November), you may select the amount to be withheld from each paycheck. The funds are sent to TASC and deposited into your Flexible Spending Account (FSA). Annual election amounts may only be changed during the year if you have a Life Event (e.g. marriage, divorce, birth, etc.) Contact Human Resources within 30 days of any event that may be considered a Life Event.

Plan Year

The plan year for all FSAs is January 1 - December 31st. Any funds left in your FSA at the end of the plan year will be lost. You may now carryover up to \$500 of unused funds to the following year.

Dependent/day care expenses include payments you make for the care of a child under 13 and/or a dependent regardless of age who requires care due to an inability to care for him/herself. For dependents to be eligible, they must be unable to care for themselves and must spend at least 8 hours a day in your home. You must declare them as dependents on your Federal tax return. Why Life Insurance Matters

Life insurance is a way to provide for your family after you're gone. Whether you are single and in your 20's, married with kids or are heading into retirement, life insurance can be a way to know your family's future finances are secure. Life insurance can provide your family with the money needed to pay off any debt you may have, cover final financial expenses associated with funerals, cover daycare or college expenses and help ensure future financial stability. See the Life Insurance Needs Calculator for more information.

INCOME CONTINUATION INSURANCE (ICI)

Income Continuation Insurance is disability/income replacement insurance that will provide you with up to 75% of your monthly salary (based on a maximum salary of \$120,000/year) if you become ill or disabled and are unable to work. The ICI plan is administered by the Department of Employee Trust Funds (ETF) and claims are processed by Aetna.

Employees are eligible for coverage the first day of the calendar month that first occurs during the 30-day enrollment period. There are two levels of coverage under the ICI program:

- Standard ICI covers the first \$64,000 of earnings. The maximum benefit is \$4,000 per month. The City contributes to the premium for standard coverage.
- Supplemental ICI coverage is available to employees whose annual salary exceeds \$64,000, up to a maximum of \$120,000. The maximum benefit is \$7,500 per month. You must have standard coverage to apply for supplemental coverage. The premiums are paid entirely by the employee.

ICI provides replacement income for disabilities which are short- and long-term. The benefit usually lasts until you are no longer disabled or you reach age 65 (with some exceptions), whichever is sooner. Before the benefit starts, you must serve your waiting period. The waiting period is the number of calendar days in which you must be completely off work. The shortest waiting period is 30 days, the maximum is 180 days.
