

North Fish Hatchery Road -Construction Staging-

Strategies to Minimize Disruption During Construction

Strategy	Benefit
Limit the north end construction activities to a single year (2020)	Minimizes duration of impact to neighborhoods and businesses
Provide a signed detour route for County Highway D	Helps redirect commuter traffic to other routes Preserves capacity of the roadway for local and business traffic
Hire a Business Outreach Manager	Offers a "one-stop" source for communication and advocacy during construction
Create mitigation plan between the City of Fitchburg and City of Madison	Allows quick and proactive response to neighborhood concerns with traffic diversion issues on local streets
Sequence and expedite intersection construction	Provides more continuous access for local traffic, business traffic, and emergency response
Coordinate with Metro Transit	Provides plan for temporary bus stops and changes to bus routes
Work with businesses before and during construction	Maintains access for customers and deliveries

2020 Southbound Construction

- Southbound Fish Hatchery Road will be reconstructed from Traceway Drive to the Beltline
- The Post Road and Greenway Cross intersections will not be reconstructed at the same time
- Traffic will utilize northbound Fish Hatchery Road (yellow) with one lane in each direction plus turn lanes
- Fish Hatchery Road south of Traceway Drive will remain open to traffic in both the northbound and southbound lanes (orange and green)

2021 Southbound Construction

- Southbound Fish Hatchery Road will be reconstructed from Brendan Avenue to Traceway Drive
- The Cahill Main, Caddis Bend and High Ridge Trail intersections will not be reconstructed at the same time
- Traffic will utilize northbound Fish Hatchery Road (orange) with one lane in each direction plus turn lanes
- Fish Hatchery Road north of Traceway Drive will remain open to traffic in both the northbound and southbound lanes (yellow and blue)

2020 Northbound Construction

- Northbound Fish Hatchery Road will be reconstructed from Traceway Drive to the Beltline
- The Post Road and Greenway Cross intersections will not be reconstructed at the same time
- Traffic will utilize southbound Fish Hatchery Road (blue) with one lane in each direction plus turn lanes
- Fish Hatchery Road south of Traceway Drive will remain open to traffic in both the northbound and southbound lanes (orange and green)

2021 Northbound Construction
