Weekly Construction Update: August 4 – August 13

Access is open to area businesses and neighborhoods in the project area. Please continue to patronize our local businesses

Overall Project Summary: Reconstruct FHR from Traceway Drive south to Brendan Avenue

- ~~Stage Pro-E (Temporary Accommodations): Through April 12th~~
- ~~Stage E (Reconstruct NB lanes, Traffic pushed west & occupy existing SB lanes): April 13th – June 28th~~
- **Stage F (Reconstruct SB lanes, Traffic moved east & onto new NB lanes): June 28th – October**
- Stage G (Medians, Daily closures with traffic split & using permanent lanes): Fall – 11/12/21

Traffic Alerts:

- Current Conditions:
 - Stage F (Traffic shifted onto new NB lanes, SB being reconstructed)
 - Cahill intersection closed Tuesday, 7/27 – Saturday, 8/7
- Upcoming Impacts:
 - Anticipate closing High Ridge, Tuesday, 8/10 – Saturday, 8/21
 - Anticipate closing SB lane week of 16th to install R-13-356 rail (between Post & Traceway)
 - **Traffic Signals at Traceway and Ochalla will be turned on Thursday 8/5**

Plan Ahead: Three-week construction outlook

- Remaining Week
 - Cahill remains closed until Saturday, 8/7
 - Structures:
 - R-13-355 wall – Continue setting block
 - B-13-872 Bridge – Clean truss, complete water cure on deck
 - B-13-327 Box – Install sheet membrane and start epoxy crack sealing internal cell wall cracks
 - Removals & Grading:
 - Excavate & Rock from Pick'n'Save north toward Cahill and then onto High Ridge
 - Storm Sewer & Water:
 - Finish remaining storm runs, switch to hydrant installations mid-week
 - Water shutdown for hydrant install at NW corner of High Ridge (Cindy Jaggi working with IGE on notifications)
 - Electrical:
 - Install conduit alongside IGE grading
 - Turn on Ochalla & Traceway signals (to flash initially, then on Thurs normal sequencing)
 - Concrete:
 - Cahill curb and sidewalk
 - McKee pavement
 - HMA
 - Cahill intersection binder
- Week of Aug 9:
 - Close High Ridge intersection on Tuesday, 8/10
 - Structures:
 - R-13-355 wall – finish setting block, pour coping
 - B-13-327 Box – Finish any remaining internal cell wall cracks
 - Removals & Grading: Excavate High Ridge intersection
 - Storm Sewer & Water: Finish remaining storm runs at High Ridge
 - Electrical: Install conduit alongside IGE grading
 - Concrete: Possibly curb at High Ridge
- Week of 8/16:
 - Complete and reopen High Ridge intersection by end of week

The project field office is located at [2948 North Fish Hatchery Road, Fitchburg, WI](#). If you plan to stop onsite, please call ahead of time (608) 347-1355 so we can ensure someone is available to meet.
